London (UK)

Contract Risk Management & Compliance Conference

Ref.: 8255_296374 **Date:** 24 - 28 Feb 2025 **Location:** London (UK) **Fees:** 5200 **Euro**

Introduction:

One of the major functions of contracting is to ensure that risks to owners and contractors are identified and managed so that both parties are satisfied with the project outcome. While a contract cannot make risk "go away," it can and should identify the risks, determine who is responsible for managing each risk, and provide for the consequences should the risk occur.

In this advanced contract risk management and compliance seminar, we delve into sophisticated strategies for managing complex contract compliance issues and contract management risks. Participants will learn about the nuanced aspects of contract risk and compliance, advance their knowledge on the subject, and become adept at applying more comprehensive contract risk management tools and techniques in their respective roles.

Understanding Contract Risk Management:

Contract Risk Management is a critical aspect of contracts that directly affects their compliance and overall success. Effective management of contract risks helps prepare for unforeseen circumstances and mitigates potential negative impacts. Contract risk management tools and processes provide a structured approach to risk identification, assessment, and management, ensuring all parties know their responsibilities and the methods for handling risks.

Targeted Groups:

- Contracts, Tendering, Purchasing, Procurement, and Project Personnel.
- Contract Administration, Engineering, Operational, and Maintenance Personnel.
- Risk, Claims, Financial, and Audit Personnel.
- Project Management Professionals.
- And all others involved in planning, evaluating, preparing, and managing tenders, specifications, awards, and contracts that cover the acquisition of materials, equipment, and services and who are in organizations whose leadership wants high levels of competency in those involved in these activities.

Conference Objectives:

At the end of this contract risk management and compliance conference, the participants will be able to:

- Provide an understanding of how risk arises
- Compare different methods of identifying and assessing risk
- Review the impacts of different approaches to risk allocation
- Explore different Contract types to transfer risks
- Consider the contractual techniques to ensure effective risk allocation
- Review risk management techniques during the life of a contract

Targeted Competencies:

At the end of this contract risk management and compliance conference, the target audience will:

- Critical understanding of the risk mitigation process.
- Knowledge to move contracts from the tactical to a more important strategic focus.
- Ability to identify risks that can arise.
- Skills in allocating contract and procurement risk.
- Examples of contract terms and conditions that allocate risk are as follows:
