Vienna (Austria)

# Advanced Strategic Planning for HR and Developing Job Competencies

**Ref.:** 3062\_300020 **Date:** 31 Mar - 20 Apr 2025 **Location:** Vienna (Austria) **Fees:** 8500 Euro

## Introduction:

In this strategic HR planning and job competency development course, participants will explore the development of governmental or private institutions; improving performance and developing human resource capabilities are among the basic objectives pursued by the institutions through planned and deliberate change. These institutions face various challenges and threats related to efficiency, effectiveness, and profitability, as well as challenges related to the renewable environment, high competition, globalization, total quality, balanced performance, team building, attention to creativity, excellence, customer satisfaction, and ambition levels.

Participants in the strategic HR planning and job competency development course will explore the challenges of maintaining consistency between organizational dimensions such as organizational culture, organizational climate, strategic planning, the face of renewable technology, and the information and knowledge revolution. Institutions can only meet these challenges through their distinguished and creative human resources.

This strategic HR planning and job competency development course can lead our organizations and institutions to change, innovation, development, leadership, and excellence, standing in the first ranks, not the ranks of the ordinary.

The modern HR landscape requires a deep understanding of strategic HR planning and HR development plans. This strategic HR planning and job competency development course empowers HR professionals with essential knowledge regarding the components of a strategic HR plan, underpinning the necessity of fostering such strategic acumen within the human resources function.

Furthermore, as the role of HR managers evolves, a training plan focused on key HR skills and competencies such as job competence and understanding what job competencies are becoming vital. The curriculum includes job competency training to enhance the competencies of HR and align them with organizational goals.

Participants in the strategic HR planning and job competency development course will explore specialized areas such as HR technical competencies, which cover technical competencies for HR, and strategic HR competencies, ensuring they are primed to meet the dynamic demands of today's corporate landscape with HR leadership competencies.
