Paris (France)

IT Governance Strategy

Ref.: 15264_303524 **Date:** 10 - 14 Jun 2024 **Location:** Paris (France) **Fees:** 5500 **Euro**

Introduction:

Businesses and software in today's corporate environment go hand in hand. Businesses are able to enhance internal efficiency and effectiveness by introducing not only the right tools but the right measures to introduce new software and methods to maximize their investments. While every investment may not be the right fit to meet organizational goals, exercising caution and introducing a knowledgeable professional is key to minimizing wasted resources.

The course offers professionals all the information and skills needed to ensure an organization's IT infrastructure is optimized to help businesses reach their targets. The course covers everything from governance to planning and even risk management strategies.
