Introduction

This Developing Strategic Partnerships, Joint Ventures, and Consortia online training Course focuses on how to proactively develop all the key components for either a Strategic Partnership [SP], Joint Venture [JV], or Consortium - completing a formal scenario analysis of each potential opportunity with a detailed plan for execution. When firms/organizations need to develop new functional capabilities to stay competitive, these require time, talent, and capital. Access to these resources can be achieved through a SP, JV, or Consortium with those who already have these requisite functionalities.
