Vienna (Austria)

EFQM Advanced Strategic Planning for Corporate Excellence Conference

Ref.: 15457_308664 **Date:** 28 Apr - 02 May 2025 **Location:** Vienna (Austria) **Fees:** 8500 Euro

Introduction:

The organization must bring about change to the extent of its development, meaning substantial developments for its basic mission, purposes, and detailed objectives, i.e., complete development and improvement of its operations and expansion to include all its parts.

Then, the daily methods and practices of management, modification, and change cannot be satisfied. Rather, it requires advanced strategic planning, representing how all the organization's activities can be unified and achieve vertical coordination between organizational levels.

This EFQM Advanced Strategic Planning Corporate conference aims to illustrate how to achieve quality in the strategic planning process according to the European institutional excellence model European Foundation for Quality Management or EFQM through its topics.

Corporate strategic planning is crucial for orchestrating an organization's long-term success and direction. It involves a systematic process that determines where an organization is going over the next year or more, how it will get there, and how it will know if it got there.

This EFQM Advanced Strategic Planning Corporate conference will delve deep into the definition of corporate strategic planning, processes, and steps, ensuring that participants have the competencies necessary for successful strategic corporate planning.

Targeted Groups:

- Leaders, managers, and administrators.
- Occupants of administrative and executive positions.
- Heads of Departments.
- Those wishing to develop work systems and procedures in their administrative units.
- Everyone who finds himself the need to attend this conference and wants to develop his skills and experience.

Conference Objectives:

At the end of this EFQM Advanced Strategic Planning Corporate conference, participants will:

- Refine and develop capabilities for applying best practices and methodologies related to strategic planning and developing strategic plans per the European Excellence Model EFQM standards.
- Record, analyze, and evaluate the organization's strategy according to quality standards.
- Formulate and develop a strategy and plans that comply with the requirements of the internal and external environment and the quality of performance.
- Implement the stages and steps of strategic management according to models of excellence.
