Strategic Business & Leadership Skills Training

Ref.: 15461_308785 **Date:** 01 - 12 Nov 2026 **Location:** Cairo (Egypt) **Fees:** 6000 **Euro**

Introduction:

Participants will enhance their professional capabilities in the Strategic Business and Leadership Skills training course. They will delve into powerful techniques designed to boost their strategic leadership in business, effectively manage strategic business decisions, and navigate complex strategic business issues. This course offers the insights and tools to excel in a dynamic business environment, whether they are established strategic business leaders or aspiring to become one.

When did participants last pause to evaluate their workplace methods, considering whether there is room for improvement to achieve greater success? The Business Brain Train provides a stimulating environment for self-reflection and personal development. They will learn to optimize their performance through mind mapping, adopt strategies for speed reading, memorize information with effective memory systems, and apply techniques for idea generation, creativity, and problem-solving.

This Strategic Business and Leadership Skills training course will enhance participants' time management, planning, and interpersonal communication skills, including public speaking and meeting facilitation. Its core is developing key business and leadership skills essential for success in any sector.

Targeted Groups:

- Managers, Supervisors, and Team Leaders.
- Human Resources professionals.
- Employees across various departments want to enhance their business and leadership coaching abilities.

Course Objectives:

By the end of this Strategic Business and Leadership Skills course, participants will:

- Read quickly and efficiently.
- Approaching reading tasks with increased confidence.
- Employ a blend of rapid reading, mind mapping, and memory skills alongside time management strategies to manage information overload.
- Formulate effective techniques for managing time, setting priorities, and coping with pressure.
- Discover and foster new ideas and methodologies.
- Gain confidence in working collaboratively, contributing ideas, and taking initiative and responsibility.
- Comprehend the creation of a success culture using business brain skills.
