Aviation Audit Training

Ref.: 15473_309238 **Date:** 02 - 06 Jun 2024 **Location:** Cairo (Egypt) **Fees:** 3500 **Euro**

Introduction:

Auditing is one of the important tasks in the aviation world to identify significant gaps which can decrease the efficiency and productivity of a company in all areas. This training is set to address the requirements which arise in the Engineering and Maintenance environment and makes you familiar with the latest technical requirements and standards.

Course Objectives

Our training imparts the latest knowledge about quality management and the conduct of audits in the area of maintenance and engineering. You will be enabled to work as internal auditor and gain compact expertise concerning quality management systems in accordance with the relevant technical requirements.

Targeted Group

Aviation personnel out of the engineering and maintenance environment who are involved in the implementation of internal audits or in quality management procedures of an aviation company.
