Strategic Planning & Management Training Course

Ref.: 15491_310081 **Date:** 05 - 09 Jul 2027 **Location:** Amsterdam (Netherlands) **Fees:** 5600 Euro

Introduction:

This Strategic Planning and Management training course provides leaders and professionals with transformational tools and techniques to help them strategically maximize their and their team's creative potential. Its starting point is self-discovery. Participants will work on the inside first and then focus outwards to impact the business world.

Participants should be prepared to move out of their comfort zone and experiment with new ways of creating and communicating an inspiring leadership vision. The concept of 'strategy'. While focusing on the analytical disciplines on which a successful strategy is based, it centers on strategic planning as a value-adding process that harnesses the leader's and the team's ability to combine analysis with creative thinking and enables ideas and plans to be nurtured into reality.

Participants will understand strategic planning and management control and explore a variety of strategic planning and management tools to analyze and shape organizational strategies. Emphasizing the difference between strategic planning and management and discussing strategic planning and management systems are integral for professionals seeking advancement and a foundation in an MBA in a Strategic Planning and Management program.

The Strategic Planning and Management course is about learning the concepts, understanding their importance and principles, and delving into strategic planning and management to understand their significance in steering organizations toward success. It will equip participants with methodologies to assess, devise, implement, and monitor strategies effectively, a pivotal component for business leaders in today's competitive environment.
