PPP Public-Private Partnerships Fiscal Impact Management Course

Ref.: 15532_313683 **Date:** 21 Oct - 01 Nov 2024 **Location:** London (UK) **Fees:** 9300 **Euro**

Introduction:

This PPP public-private partnerships fiscal impact management course aims to provide an overview of fiscal management and potential fiscal costs and risks arising from public-private partnerships PPPs. Furthermore, it will introduce participants to international standards for accounting and reporting on PPPs and good practices for managing them while safeguarding fiscal sustainability.

Fiscal management plays a critical role in planning and executing PPP projects. It includes defining fiscal management principles, understanding fiscal management skills, and highlighting their importance. Fiscal management ensures that resources are allocated efficiently and public services are delivered while maintaining fiscal sustainability.

Public-private partnerships PPPs are essential for mobilizing private investment and expertise in public infrastructure and services. Defining PPPs and understanding how they work provides the foundation for enhancing the effectiveness of a PPP training program. It also highlights why PPPs are important and underscores the principles that guide their successful implementation.

Fiscal impact refers to the financial implications of PPP projects on a government's budget and financial statements. Participants will learn the meaning of fiscal impact and examine methods to quantify and manage these impacts. Evaluating fiscal impact is central to maintaining fiscal discipline and ensuring that PPPs deliver value for money for both the public and private sector partners.

Developing competencies via a PPP training program includes acquiring fiscal management training emphasizing analytical and strategic skills. It also covers fiscal management principles and the need for robust fiscal management to handle the complex financial arrangements inherent in PPPs.

Target Audience:

- All government officials are working in the ministries of economy and finance.
- Professionals in the economic and finance sector.
- PPP Management professionals.
