Leadership Skills Development for Senior Managers and Team Leaders

Ref.: 15655_319184 **Date:** 15 - 26 Sep 2024 **Location:** Amman (Jordan) **Fees:** 5200 **Euro**

Introduction:

In today's rapidly evolving business landscape, the role of senior managers and team leaders is more critical than ever. As organizations strive for excellence, the demand for effective leadership is paramount. This course, designed specifically for Senior Software Engineers, Delivery and Support Team Leaders, Chatbot Platform Team Leaders, Finance Managers, and HR Managers, aims to equip participants with the essential leadership skills needed to navigate and thrive in this dynamic environment.

Participants will embark on a comprehensive journey to acquire and refine the skills necessary to become exemplary leaders. The course delves into various leadership styles, providing insights on how to apply them effectively in diverse situations. Emphasis will be placed on understanding the art of motivating employees to achieve designated goals and exploring the pivotal role of a leader in this process.

Managing relationships and interactions with followers is another critical aspect covered in this course. Participants will learn how to influence and develop their team members, guiding them to reach their fullest potential. Additionally, the course highlights the importance of promoting and sustaining the company's culture, ensuring that leaders can foster a positive and productive work environment.

Key competencies such as adaptability, attention to detail, people orientation, accountability, and communication will be thoroughly examined. Participants will understand the significance of these attributes and how they contribute to effective leadership. The course also emphasizes learning and development, underscoring the importance of continuous improvement and growth in leadership roles.
