Ref.: 1009_323374 **Date:** 30 Jun - 11 Jul 2025 **Location:** London (UK) **Fees:** 9300 Euro

Introduction

Best Practices are chosen by world-class leaders who have used their influence to change their environment - government or business - for good or to improve their organization's success ratio. Organizational development literature contains various definitions and descriptions of leadership, including leadership best practices and leadership development best practices.

This program establishes what some business leaders do to improve their organization's position through effective leadership. We will analyze the leadership practices of business leaders whose techniques have proven to work in the local and global markets. Each practice will include a way in which any leader in the market can apply the practices learned to improve their environment.

Besides, case studies are delivered through videos with hands-on activity and team case questions to provide further insight into enhancing leadership skills and performance leadership and making these practices work in your environment. In the ever-evolving landscape of organizational leadership, enhancing leadership skills is a benefit and a necessity for fostering a culture of continuous improvement and peak performance.

Attendees of this course will delve into leadership best practices, drawing from real-world examples and actionable strategies to empower individuals to achieve enhanced leadership roles within their respective organizations. With a dedication to the cultivation of foundational and advanced competencies, this course is a stepping stone to understanding why leadership skills should be enhanced and how to implement and sustain these elevated nuances of influential leadership.
