Workforce Planning and Organization Development

Ref.: 15755_325557 **Date:** 18 - 29 Aug 2025 **Location:** Rome (Italy) **Fees:** 9500 **Euro**

Introduction:

In today's dynamic business environment, effective workforce planning and organization development are crucial for achieving strategic goals and ensuring long-term success. Workforce planning involves analyzing current workforce capabilities, predicting the future, and aligning these needs with organizational objectives. It focuses on optimizing the utilization of human resources, ensuring that the right people with the right skills are in the right positions at the right time.

Organization development complements workforce planning by fostering an adaptive culture that enhances organizational effectiveness. It involves systematic change interventions to improve organizational processes, structures, and people. Through strategic workforce planning and organization development, businesses can enhance employee engagement, drive performance, and cultivate a culture of continuous improvement.

Ultimately positioning themselves to navigate challenges and seize opportunities in an ever-evolving marketplace. This Workforce Planning and Organization Development course aims to provide participants with the essential skills and knowledge to implement effective workforce planning strategies and foster organizational development initiatives that align with their organization's vision and goals.
