Kuala Lumpur (Malaysia)

# Understanding & Applying the 2024 International Professional Practices Framework (IPPF) & Global

**Internal Audit Standards (GIAS)** | Location: Kuala Lumpur (Malaysia) | Fees: 3900 Euro

## Introduction:

In today's rapidly evolving business landscape, internal audit functions are pivotal in ensuring organizational resilience, accountability, and effective governance. The 2024 International Professional Practices Framework IPPF and Global Internal Audit Standards GIAS serve as essential guidelines for internal auditors worldwide, fostering best practices that enhance the credibility and effectiveness of the internal audit profession. This course on Understanding and Applying the 2024 IPPF and GIAS is designed to equip participants with a comprehensive understanding of these frameworks, their underlying principles, and their practical application within various organizational contexts.

By delving into the key components of the IPPF and GIAS, participants will gain insights into the standards for internal auditing, including performance and quality assessments, which are critical for sustaining organizational success and integrity. The course will also explore the interplay between these frameworks and the broader risk management and governance frameworks, emphasizing the importance of aligning internal audit activities with organizational objectives. Through case studies, interactive discussions, and practical exercises, learners will be empowered to implement these standards effectively, ultimately contributing to improved organizational performance and stakeholder confidence.

## Targeted Groups:

- Internal Audit Professionals.
- Compliance Officers.
- Risk Management Specialists.
- Financial Auditors.
- Senior Management and Executives.
- Governance, Risk, and Compliance GRC Practitioners.
- Audit Committee Members.
- Educators and Trainers in Audit Practices.
- Students and Graduates in Accounting and Finance.
- Consultants and Advisory Professionals in Internal Audit.

## Course Objectives:

At the end of this course, the participants will be able to:

- Understand the key components and principles of the 2024 IPPF and GIAS.
- Apply the frameworks to enhance internal audit effectiveness and efficiency.
- Develop skills to assess organizational risks and internal controls.
- Learn to create comprehensive audit plans aligned with strategic objectives.
- Improve reporting techniques for clearer communication of audit findings.
- Foster ethical decision-making and professional judgment in auditing.
- Gain insights into stakeholder engagement and relationship management.
- Explore best practices for continuous professional development in internal auditing.
- Analyze case studies to reinforce the practical application of standards.

- Stay informed about emerging trends and regulatory changes in the audit profession.

## **Targeted Competencies:**

- Knowledge of IPPF and GIAS Frameworks.
- Risk Assessment and Management Skills.
- Internal Control Evaluation Techniques.
- Audit Planning and Execution Proficiency.
- Reporting and Communication Skills.
- Data Analysis and Interpretation.
- Ethical Decision-Making in Auditing.
- Stakeholder Engagement and Relationship Management.
- Continuous Professional Development Awareness.
