London (UK)

Monitoring and Evaluation (M&E) Course

Ref.: 15762_325840 **Date:** 24 - 28 Mar 2025 **Location:** London (UK) **Fees:** 5200 Euro

Introduction:

Monitoring and Evaluation M&E is vital to effectively managing projects, particularly within the public and private sectors. This course will delve into the intricacies of project monitoring, emphasizing its significance in enhancing the outcomes and accountability of various initiatives. In this context, we will explore the implementation of the Public Sector Pay Policy, a crucial framework designed to optimize the management of the public sector wage bill.

This policy aligns with the mandate of the Commission established to oversee these fiscal strategies, ensuring a balanced approach to public compensation. The Monitoring and Evaluation Department plays an instrumental role in assessing the implementation of this policy, providing insights that drive improvements and inform decision-making processes. In this Monitoring and Evaluation M&E course, participants will understand M&E principles and practices, equipping them with the skills to monitor and effectively evaluate projects within their respective sectors.

Targeted Groups:

- Government officials and policymakers.
- Project managers and coordinators.
- Development practitioners and field staff.
- Non-governmental organization NGO professionals.
- Private sector project leaders.
- Academics and researchers in social sciences.
- Community-based organization CBO members.
- Monitoring and evaluation specialists.
- Financial analysts and budget officers.
- Stakeholders involved in public sector initiatives.

Course Objectives:

At the end of this course, the participants will be able to:

- Enhance understanding of the principles and practices of Monitoring and Evaluation in project management.
- Develop skills for designing and implementing effective M&E frameworks for public and private sector projects.
- Equip participants with the tools necessary for monitoring the implementation of the Public Sector Pay Policy.
- Foster the ability to analyze data and assess project outcomes effectively.
- Encourage the application of M&E findings to improve decision-making and policy formulation.
- Promote collaboration among stakeholders in monitoring and evaluation processes.
- Cultivate ethical practices and considerations in the field of Monitoring and Evaluation.
- Facilitate knowledge sharing and best practices in project monitoring across sectors.
- Strengthen the capacity to report and communicate M&E results to various audiences.
- Prepare participants to contribute to effectively managing the public sector wage bill through

rigorous evaluation practices.

Targeted Competencies:

- Understanding of M&E concepts and frameworks.
- Skills in project design and implementation.
- Ability to develop M&E plans and indicators.
- Proficiency in data collection and analysis methods.
- Competence in using M&E tools and software.
- Knowledge of public sector policies and frameworks.
- Expertise in stakeholder engagement and communication.
- Capacity to assess project impact and effectiveness.
- Skills in report writing and presentation of findings.
- Understanding of ethical considerations in M&E practices.
