Advanced Negotiation & Dispute Resolution: An In-Depth Training Course

Introduction

The capability to negotiate efficiently and effectively is a cornerstone of both professional and personal environments. This course aims to enrich your negotiation skills while also diving deep into the intricacies of dispute resolution mechanisms.

As negotiations are pivotal in various contexts—from team collaborations and human resource management to supplier and customer relationships—it is indispensable to consider the potential for conflicts and disputes. The curriculum provides a comprehensive overview of dispute resolution training courses, negotiation styles, and conflict management strategies to ensure you are well-equipped to navigate challenging situations.

This course will cover the key stages of negotiation, consider how disputes arise, and provide the delegates with a practical toolbox of skills to enable them to follow a structured process. The participants will be introduced to different negotiation styles and tactics and learn how to recognize and counter them. There will be an opportunity for participants to self-assess their skills over the whole range of the negotiation topic, and they will consider the differences between negotiating individually or as part of a team.
