

Team Leader and Management Skills Masterclass

Team Leader and Management Skills Masterclass

Introduction

This fast-paced masterclass management seminar provides an opportunity to stand back from the day-to-day pressures of managerial life and focus on the broader arena.

Rather than covering all management areas, the program focuses on topics many management professionals need more time to address during their typical busy working day.

The aim is for participants in this management masterclass to gain a holistic view of their broader organizational and strategic context and give them the tools to formulate meaningful, longer-term personal and organizational objectives.

Masterclass Management and Leadership Integration

Incorporates elements of a leadership masterclass; this masterclass management course is comprehensive on leadership and management skills.

This management masterclass is designed to equip team leaders and managers with the necessary team and leadership management skills, which are critical for leadership and team development for managerial success.
