

Managing & Negotiating with
Consultants & Contractors

Managing & Negotiating with Consultants & Contractors

Introduction

This effective contract negotiation strategy for managers course is designed to empower hiring line managers, procurement specialists, and recruiters with the skills necessary to maximize return on investment throughout the entire lifecycle of engaging external consultants and contractors, from recruitment to contract termination.

The contracts negotiation and management course addresses how organizations can leverage the flexibility of a contractor's workforce and ensure a harmonious working relationship between contractors and internal staff, striving for seamless team collaboration.

The growing trend of outsourcing and shareholder pressure to reduce organizational headcount make the skills in identifying, attracting, and retaining top contractors and consultants increasingly valuable. This contracts negotiation and management course navigates the nuances of working with external talent while drawing parallels and distinctions from managing internal employees.
