

The Sales & Marketing Management
Mini Master

The Sales & Marketing Management Mini Master

Introduction to the Mini Master Program

The purpose of this Mini Master in Sales and Marketing Management is to empower you with the mastery of marketing management tools, models, and theories that will enable you to build enduring and influential brands.

This comprehensive sales and marketing management program addresses today's sales managers' and marketers' challenges, blending strategic theory with real-world practicality.

This sales and marketing management course will provoke thought on the power of marketing, exemplified by high-value brands like Prada and Ferrari, who have mastered the art of selling products at premium prices.
