

Effective Purchasing and Contract
Negotiation Strategies Seminar

Effective Purchasing and Contract Negotiation Strategies Seminar

Introduction

The ability to negotiate is one of the essential commercial business requirements. Yet, it is often delegated to those least able to produce an effective outcome. Poor negotiation is, therefore, felt throughout an organization and immediately negatively affects company profitability.

This contract negotiation and purchasing strategies conference provides practical, experience-based guidance in planning and conducting a successful negotiation. It identifies on an individual basis the key competencies and skills required to emerge on the winning side.

Enhancing Contract Negotiation Skills

In the realm of procurement and purchasing, mastering contract negotiation strategies is essential. This contract negotiation and purchasing strategies conference offers targeted contract negotiation training to equip professionals with the tools to execute successful procurement negotiation tactics.

Participants in the contract negotiation and purchasing strategies seminar can expect to delve into advanced purchasing negotiation strategies and emerge with a more robust command of procurement contract negotiation.

Targeted Groups

- Purchasing Professionals.
- Those are at all levels in projects, site contract management, and engineering with supply chain involvement.
- Those in a Company who influence the selection of Materials, Services, and Sources of Supply.
- Any person who wishes to understand the purchase process, regardless of background or present role/position.

Conference Objectives

At the end of this contract negotiation and purchasing strategies conference, the participants will be able to:

- Understand the importance of planning in successful negotiations
- Explore the approaches in talks.
- Recognize the standards of ethics.
- Understand the importance of determining, rating, and valuing the issues in a negotiation.
- Evaluate strengths and weaknesses.
- Understand the critical issues in various contract clauses.
- Understand the essential elements of the final preparation.
- Explore common negotiation tactics and countermeasures.
- Gain experience and confidence through the actual negotiation of sample cases.

Targeted Competencies

At the end of this contract negotiation and purchasing strategies seminar, the target competencies will be able to:

- An appreciation of what is possible in Purchasing and how you may contribute more
- An understanding of your present capabilities and where you should invest in personal improvement
- Increased confidence in operating in different environments/cultures/business levels
- Greater comfort and confidence when placed in 'difficult' negotiating positions
- An appreciation of other people's problems and how to persuade them to your way of thinking
- Become more challenging of existing methods and systems and less accepting of the way things are
