

Effective Negotiation, Persuasion, and
Critical Thinking Seminar

Effective Negotiation, Persuasion, and Critical Thinking Seminar

Introduction:

Alliances in business are a natural route for development, but not all contracting relationships can truly be seen as alliances. A good, trusting, and open relationship is essential for a long-term and successful alliance, and this requires effective negotiation training and influence and persuasion skills, which need to be consistently practiced by the negotiators involved.

Negotiation is inevitably at the heart of every process to achieve what you want, whether in an agreement, bargaining for an item, or closing a deal. At the end of each negotiation, the goal is to seek a win-win outcome, which is an essential characteristic of long-lasting alliances.

This negotiation, persuasion skills, and critical thinking training provides an essential framework for effective negotiation, which is vital for building and utilizing an alliance. Skills such as critical and persuasion training help prioritize goals and build meaningful relationships.

Targeted Groups:

- Personnel from a wide range of business disciplines.
- Delegates wishing to develop advanced negotiation skills.
- Delegates who frequently collaborate with external suppliers or customers.
- Departmental Heads are required to form interdepartmental alliances to achieve results.

Seminar Objectives:

At the end of this negotiation, persuasion skills, and critical thinking seminar, the participants will be able to:

- Develop a framework for analyzing current alliances and develop an effective negotiation plan and strategy.
- Practice and refine negotiation and persuasion skills training.
- Employ appropriate behaviors for each negotiation stage to deliver results.
- Recognize and counter the most common negotiating ploys.
- Prioritize and plan their negotiation strategy with critical thinking training.
- Describe how to analyze business alliances effectively.
- Understand how to apply influence and persuasion skills during negotiation.
- Manage aggressive tactics used by difficult negotiators.
- Understand the key principles of persuasion and their importance to negotiation.

Targeted Competencies:

At the end of this negotiation, persuasion skills, and critical thinking workshop, the target competencies will:

- Build prospering alliances through constructive relationships.
- Expertise in persuasion and influencing others convincingly.
- Apply the critical elements of influence.
- Efficient communication skills for sending persuasive messages.
- Advanced critical thinking training seminar principles.
